U.S. Probation Officer Action:

This is Golden's first positive drug test since his release from custody on a violation. On February 21, 2017, Golden received an in-house substance abuse assessment and was enrolled in drug treatment at Jersey City Medical Center. The offender was warned that future positive urinalysis will result in increased sanctions and/or violation proceedings. If Your Honor approves, the probation office will increase urinalysis testing and will monitor his progress in treatment.

Respectfully submitted,
